

# Books by Patrice McLaurin

**I Am Because I Choose** encourages children to embrace their most amazing SUPERPOWER which is their power to CHOOSE! This book fosters self-accountability in that it informs its reader that they choose their behavior, thereby eliminating the capacity to blame others for the choices that they make. It also highlights the positive consequences that can result from making good choices!

**“Have You Thanked an Inventor Today?”** is an Amazon Best Seller, PBS Kids featured, Microsoft acclaimed STEM Book! It chronicles the school day of a little boy, demonstrating how the genius of different inventors is utilized throughout his day. The book also comes complete with a brief biography about each inventor as well as fun activities that work to encourage reading comprehension!

**“Have You Thanked a KidVmentor Today?”** highlights the stories behind some of our favorite inventions that were invented by kids! It comes complete with a glossary and fun science experiments that are sure to spark any child’s natural curiosity!

**Thank an Inventor Coloring and Activity Book** has over **100 different activities**, all based upon the best selling STEM Books *Have You Thanked an Inventor Today* and *Have You Thanked a KidVmentor Today*. It comes complete with coloring pages, dot to dots, crossword puzzles, madlibs, experiments, writing prompts and more!

**Dandi McLion Has Her Say** is a brilliant hybrid of STEM, Social Emotional Learning and Character Education. Its main character, Dandi McLion, encourages its reader to be bold and use their voice! The book also comes complete with a glossary to enhance reading comprehension and increase vocabulary.
